Inscrite dans une démarche de protection de l'environnement, SCIAE est une entreprise citoyenne

The SCIAE has been committed for years in a voluntary approach to environmental protection. Its eco-friendly policy involves compliance with all current regulations and continuous improvement of its environmental performance.

La SCIAE s'est engagée depuis des années dans une démarche volontaire de protection de l'environnement. Sa politique éco-responsable se traduit par le respect des réglementations en vigueur et par une dynamique d'amélioration continue de ses performances environnementales.

1 Controlling and reducing the impact of our consumption of:

Maîtriser et réduire l'impact de nos consommations :

- Energy *d'énergie,*
- Water *d'eau,*
- Raw material *de matières premières*

2 Preventing pollution risks by:

Prévenir les risques de pollution par :

- Reducing the volatile organic compounds (- 95% since year 2003)

la diminution des composés organiques volatils (- 95% depuis l'année 2003),

- Control of emergencies (fire, chemical spill).

La maîtrise des situations d'urgence (incendie, déversement de produits chimiques).

- Controlling our waste products (atmospheric, aqueous).

La maîtrise de nos rejets (atmosphériques, aqueux).

- Adopt a process of continuous improvement.

Adopter une démarche d'amélioration continue

3 Optimizing our waste management by:

Optimiser la gestion de nos déchets par :

- Sorting the recyclable and reusable industrial waste (metal waste, cardboards, plastics, polystyrenes...) into different types

le tri sélectif des déchets industriels recyclables et valorisables (déchets métalliques, cartons, plastiques, polystyrènes...),

- Energy reusing dusts and offcuts of wood through our biomass boiler, in order to maintain our heating self-sufficiency.

la valorisation énergétique des poussières et des chutes de bois, via notre chaudière biomasse, pour notre autosuffisance en chauffage,

4 Training the staff and making him aware of:

Sensibiliser et former le personnel :

- The reactions and simple movements to adopt as to protect the environment. *aux réflexes et gestes simples pour la protection de l'environnement,*

- Fire hazards *au risque incendie,*

- The different kinds of pollution risks *aux différents risques de pollution,*

- The energy conservation *aux économies d'énergie,*

5 Capitalizing the achieved work, highlighting our commitment and continuous improvement process

Adopter une démarche d'amélioration continue

CUSTOMERS SATISFACTION

La satisfaction des clients

NF is a legal national authentication controlled by the administration which facilitates trade and guarantees the quality, as well as the life span of a product.

La marque NF ameublement, est une certification produit, définie par la loi et voulue par les pouvoirs publics pour faciliter les échanges économiques, en garantissant, la sécurité en usage, la solidité, la durabilité et la qualité.

LE DISPOSITIF 1.2.3 ENVIRONNEMENT

1.2.3 Environmental Plan !

Soucieuse de s'engager dans une démarche pérenne, la SCIAE a opté pour le dispositif 1.2.3 Environnement. Le système de management de l'environnement par étapes est un projet fédérateur qui insuffle une implication de tous les salariés et qui a permis à la SCIAE d'obtenir la certification ISO 14001.

L'AMELIORATION CONTINUE : UN DEFI QUOTIDIEN !

Eager to engage in a sustainable approach, the SCIAE opted for the 1.2.3 Environment Plan. This phased environmental management system is a unifying project which involves all the employees and allowed SCIAE to obtain ISO 14001 certification.

CONTINUOUS IMPROVEMENT : A DAILY CHALLENGE !
